I look forward to hearing from you on what options previously discussed should be presented to them to proceed.

Thank you.

K. Kuyatal,

yes, I have heard Supergund panic as an excuse from some lenders. I may be in contact for a letter, if need be.

HEALTHY COMMUNITIES TASK FORCE REVITALIZATION
PLAN ANTHEM (use for grant application
purposes only)

Adapted By:
STYNQUE

Neat asbestos dust arrayed in piles.
Grant applications bring gay task force smiles.
People travel far across the miles
Just to pay to see
Ghostly buildings worker voices made ring.
Happy memories of manufacturing.
Useful goods processès recreating
Is what they'll pay to see.

Like some pyramid exotic scheme
Maybe a nightmare from a real bad dream,
We can have it all except the self esteem
People pay to see.
Acting lessons have become the rage.
Practice hitting marks set center stage
As we pretend to live on minimal wage
People pay to see.

Tourist attractions flushing down the pot.
Playgrounds of beauty all are earning squat.
Need a grant. Study what we forgot:
What do people pay to see?
Commissioners meeting, if one could be found.
Dead wood gathering stokes fire crackling sound.
Feather stacks. Tar bubbling on courthouse ground.
Heck! THAT I'd pay to see!

But, instead we hear:
La La La LA LA LA LA.
